BILL NUMBER: SB 327

BILL AMENDED:

SUBJECT: Life Insurance and Viatical Settlements.

IMPACT: State

Summary of Legislation: This bill specifies certain notice requirements and restrictions for life insurers with respect to viatical settlement contracts.

Effective Date: July 1, 2010.

Explanation of State Expenditures: The bill's requirements are within the DOI's routine administrative functions and should be able to be implemented with no additional appropriations, assuming near customary agency staffing and resource levels.

Background. The Commissioner of the Department of Insurance (DOI) must develop an informational brochure, concerning life insurance policy owner rights, at no cost to life insurance companies and insurance producers. The DOI would experience an increase in expenditures associated with providing a brochure.

Additionally, insurers that issue life insurance policies are prohibited from certain practices. If violations of provisions of the bill occur and complaints are filed, the DOI would attempt to reach a settlement with the insurers involved. If a settlement can not be reached, violators could be subject to a hearing by the Commissioner of Insurance. The bill could result in an increase in the number of instances wherein the DOI must attempt to reach a settlement or conduct a hearing, which would increase administrative expenses for the DOI.
